

Career Development Plan Template

This template is for jotting down your career development plan. It's designed to help clarify your thoughts and ensure your plan is well-rounded and thorough. Keep it simple and flexible.

1. Self-Assessment

Write down your interests, strengths, and what you enjoy doing.

2. Career Research

Research potential career options. List a few jobs or industries that appeal to you.

3. Career Goals

Set short-term and long-term goals. Think about the steps you need to take.

4. Education Plan

Jot down relevant courses or qualifications you need. Note any complementary subjects.

5. Experience

List ways you can gain practical experience, such as internships, part-time work, or projects.

6. Review and Adjust

Revisit your plan regularly and make adjustments as needed.
